**COMMUNITY SERVICES BLOCK GRANT
BOARD OF DIRECTORS OF
ALBANY COUNTY, WYOMING**

**PUBLIC HEARING
June 16, 2016**

The public hearing was held in the County Commissioners' room at the Albany County Courthouse in Laramie, Wyoming, to receive input regarding proposed uses for CSBG federal fiscal year (FFY) 2017 funding. This hearing was advertised in the legal notices section of the *Laramie Boomerang* on April 2, 2016, and was described in the information provided to prospective applicants.

Participants were asked to sign an attendance sheet (attached). Sharon Breitweiser, the Administrative Assistant for the CSBG Board of Albany County, distributed copies of the agenda for the hearing.

WELCOME AND INTRODUCTIONS

CSBG Board Chair Loren Richards welcomed everyone to the public hearing. He explained that this would give attendees an opportunity to listen to the recommendations on the grants. The Board and others in attendance introduced themselves. Richards thanked everyone.

PROPOSED FUNDING ALLOCATIONS FOR FFY 2017

Richards said that the hearing is a time to talk about recommendations. He noted that Albany County's allocation was not enough to cover all of the requests. Breitweiser distributed copies of a chart showing the recommended funding levels the Board proposed submitting to the State (attached). Richards said that the Board tends not to allocate funds to salaries since there are always uncertainties regarding future funding levels.

PUBLIC COMMENTS

Richards asked if there were any questions, and there were none.

CSBG Board member Klaus Hanson brought up the community needs assessment/survey, which the State requires every three years. CSBG Board member Tim Sullivan noted that the Board tries to keep its administrative expenses to a minimum. Richards elaborated on the needs assessment, noting that the consultant provides a comparison with the previous assessment. We hope to see improvements over time. We are in the process of doing this year's assessment, and the final report will be public. CSBG Board member Margaret Meranda said that the Board members appreciate the services being provided by the agencies. Sullivan noted that the CSBG Board had partnered with the Hospital splitting the \$26,000 consultant's fee 50-50 (\$13,000 apiece). Albany County Grants Manager Tai Wright asked who does the assessment, and Richards said that it is Corona Insights (Denver, Colorado). Newly elected CSBG Board member Jennie Shelton asked if there was no one

in Wyoming who could do the assessment. Richards said that the Board had put the work out for bids in the past, but Corona has experience and can do the comparison. Sullivan said that the Board had had local people do the assessment but Corona's work was much better and very professional.

Richards said that he was pleased to see information about how the various service providers are sharing resources and working together across agency lines to serve clients. He said that he appreciates the efforts.

He then called for additional questions or comments. Sarah Brown Matthews from Climb Wyoming said that Climb is grateful for the hard work done by the CSBG Board. She said that the Board is touching on all needs. She thanked the Board.

CLOSE OF HEARING

It was moved by Tim Sullivan to close the public hearing. Linda Simpson seconded the motion, which passed.

CSBG Public Hearing
May 25, 2016

The public hearing was called to order by Brenda Eickhoff, Community Action Partnership of Natrona County Executive Director at 12 PM on May 25, 2016.

Ms. Eickhoff began the hearing with a review of the 2014 Needs Assessment. She outlined the need rankings: health (41%), housing (40%), employment (35%), transportation (30%), use of income (25%), nutrition (23%), and education (13%). Ms. Eickhoff then reviewed the demographic data that was gathered in the needs assessment, including age, gender, race, and education level.

Ms. Eickhoff reviewed the 2015 Point In Time Data, discussion differences in sheltered and unsheltered. She also discussed that doubled up families are not included in the count.

Ms. Eickhoff handed out copies of the CoC 10 year plan to end homelessness. The goals and progress toward goals were reviewed. Ms. Eickhoff encouraged membership in the Wyoming Homeless Collaborative and participation in the committees.

Ms. Eickhoff reviewed the plan outlined in the CSBG plan for FFY 2017. The current plan will address all of the six national goals. The CSBG funds will be used primarily to address housing and transportation. Mother Seton House will be included in the application again this year to support their transitional housing services for single parent families. In addition to housing the CSBG funds will be used for utility food assistance, transportation assistance, emergency medical care (primarily prescriptions) and financial education. Although health was the number one concern, we will work to support current efforts with Healthcare for the Homeless and Community Health Center of Central Wyoming to determine where the gaps are with these resources which causes this to be ranked as the highest need. Ms. Eickhoff closed with a note on nutrition. It was ranked higher in the 2011 needs assessment than in the 2014 needs assessment. The collaborative work of the community over the last three years has allowed us to close the gap addressing nutrition needs.

The hearing was adjourned at 12:20 pm.

Comments: Why is CSBG Funding CASA casework in Big Horn, Hot Springs & Washita Counties? Funds should only be used for Park Co. CASA cases.

The other counties should use their CSBG funds to provide for casework in their counties.

Hello.

The money I get from your grant is just used for Park County children. I reimburse the volunteers by the time and mileage sheet that they turn in monthly. I give them a gas card and write on their mileage sheet what would it cost if they were paid the federal rate. Then I mark that a gas card was given and the difference is also our in kind match. Only about 5 of the 26 volunteers request gas funds. It is usually the seniors if on a fixed income. Please let me know if you have any further questions or concerns.

Thanks

Hi Ellen,

I have a question for you on the CSBG application from yesterday's comments on the CSBG grant applications. One of the comments was a concern that you covered the whole Big Horn Basin not just Park County. I wanted to make sure it was just Park County CASA Cases that were receiving the mileage reimbursement. And how to do reimburse the volunteers?

Thanks,

Julie Dunlap

CALL TO ORDER: Chair Zell Derryberry called the public meeting to order at 4:00 p.m. and welcomed those in attendance.

MINUTES: The board reviewed the minutes as written from:

- May 5, 2016 – Business meeting. The date was missing on the minutes and the board requested the minutes to be updated to include the date. There were no other recommended changes. It was moved, seconded and the motion carried to accept the minutes as written after the requested update.

UPDATE BOARD LIST: An updated Board List was handed out and board members were asked to double check their address, phone # and email, etc.

INFORMATION SURVEY & NATIONAL PERFORMANCE INDICATORS YEAR END REPORTS: At the time of the meeting a deadline date was unknown. Date will be provided to the Board and agencies when it is known.

ON SITE VISITS: The schedule for onsite visits for 2016 had been determined and the schedule was handed out to Board members. It was determined that the Board Chair Zell and Vice Chair Mike Nickel, along with coordinator would get together to update the format for onsite monitoring visits. Visits will

be scheduled between Board Members and agencies in the near future. It was decided the onsite visits should be conducted in mid-September.

INDIVIDUAL AGENCY MEETING – BOARD DISCUSSION – This topic was tabled until later in the meeting.

PUBLIC EDUCATION: Board Member Les Engelter was asked to provide an educational component at the meeting. He shared that the program has been in place for 52 years...that it was intended to help people lift themselves out of poverty. He

Les discussed the structure of the Board...he explained that the County Commissioners use to administer the funds in Sheridan County...but that in 1999 the Feds said that Wyoming needed to establish Tripartite Boards. Les explained that there are 3 components to the Board membership matrix...there are: 3 low-income representatives (who understand and can share the challenges of poverty – they can be of low-income, but don't have to be); 3 elected officials members (the County Commissioners); and 3 private sector members who are appointed by the other Board Members.

He explained that every three years a community needs assessment is conducted to learn from the community what the issues and conditions of poverty are in Sheridan County. He mentioned that Wilson Company had been selected to conduct the needs assessment in 2015. He mentioned that agencies are involved in the process and also that the results of the assessment help the Board to develop goals and priorities for funding.

Les went on to say that the Board conducts on site monitoring visits to get a better feel for what agencies are doing, how they are doing it and to make sure funds are being used as requested. He said it is an opportunity to sit down with the agencies and really appreciate the work they do. He indicated that Board Member would be contacting the agencies for appointments in the near future. Les went on to share the board's priorities with those in attendance and confirmed that the agencies had received the priorities.

INDIVIDUAL AGENCY MEETING – BOARD DISCUSSION – This topic had been tabled earlier in the meeting. Chair Zell opened it up for discussion by the Board on whether the onsite monitoring visits are enough contact with the agencies. It was discussed that the Board should be more diligent in their onsite visits and that more than one board member could go together. It was discussed that the prior visits reports need to be shared amongst the members and that coordinator should send out the most recent to all board members and that board members can report at the Board meetings. Board members discussed how they should feel free to stop in on an agency that they wanted to know more about...just call ahead of time.

Funding AVAILABLE TO SHERIDAN COUNTY FFY2016 – Zell mentioned that the amount of CSBG Regular (formula) funds allocated to Sheridan County are \$135,978 and that there were \$177,948 in requests. The difference was \$41,970. 9 application for regular funds and 3 for discretionary funds had been received.

Zell asked if there were any public comments at this time. There were none.

Presentations and Board Review/Approval: Agencies were asked if any needed to leave the meeting early and that that would be allowed to go first. Compass asked to go first. Zell invited each agency to make a short presentation of their request. Each agency gave an informative description of their service and what the funds being requested would be used for. After each presentation, the Board asked questions of the service agencies and Zell called for public comment.

CALL TO ORDER: Chair Zell Derryberry called the business meeting to order at 2:00 p.m.

MINUTES: The board reviewed and accepted the minutes as corrected and written from:

- June 15, 2015 - Public Funding Meeting

UPDATES:

- **State on site visit** – June 30, 2015 – Coordinator Linda shared that Tricia Dean, Community Services Program Manager had conducted an onsite monitoring visit. It had been on short notice - Board President and other officers were not available so instructed coordinator to meet with Tricia. Board indicated it would be good to have a Board Member present for these meetings in the future. Coordinator passed around the questionnaire that was used by Tricia. Board asked if an official report had been received back...it had not, but at the time Coordinator had emailed content of the meeting to the Board.
- **Emails from the State** – Coordinator shared that there have been several recent emails from the state regarding Tricia being out of the office and others helping with the CSBG program. They are asking what the needs of the Board might be such as resources and training. They also mentioned updating the board manual to include new requirements.
- **Board requirements changes** – Last year the CSBG program required a Board self-assessment – coordinator filled it out and sent to Board for their comments and updates before sending to the state. There are some ROMA (results oriented management and accountability) and organizational standards requirements and updates for the Board. Examples include structured orientation for board members, training on duties and responsibilities, each Board Member has received a copy of the governing documents within past 2 years, By Laws are reviewed each year, Board Members have signed a conflict of interest statement within past 2 years...and so on. These are the kinds of things that the State will help with training on. Coordinator will keep Board informed of requirements and help them work through each one.

ON SITE VISITS: Board Members signed up for onsite visits for 2016. Zell, Mike and coordinator will initiate the assessment form and email to Board Members along with a copy of the schedule.

PUBLIC MEETING FOR FUNDING FFY2017: The Board decided to set the meeting for June 13, 2016 - 4:00 p.m. for business meeting and 4:30 for the agencies presentations. Les will provide an educational component. It was decided applications would be due from service agencies on June 8th by 4:00 p.m. Coordinator will notify agencies by email and a public notice will be placed in the paper.

LOW-INCOME REPRESENTATIVES TERMS: 4 year terms expire in September 2016 for low-income Board Members – Zell Derryberry, Brad Mohrmann and Les Engelter. Brad and Zell are in their first elected

term and now eligible for appointment by the Board to a 2nd term. Les is in his 3rd and final term. Board chair Zell provided language for an exception to the bylaws (allowing Les to serve a 4th term) – *"As Chairperson of the Board, I am asking you to consider an additional term for this position. Your presence provides an unprecedented cohesion to the Board and an incomparable knowledge to the history of this vital community Board of Directors. In order for an additional term, it will require Board action to create an exception to the ruling stated in the By-Laws."* Zell and Brad were asked and agreed to serve another term and Les stated, *"I believe I could muster up for another four years of tripartite board meetings."*

It was moved, 2nd and the motion carried to appoint Brad and Zell to a 2nd term and to make an exception to the bylaws and reappoint Les to a 4th term.

It was requested that the Board list to be updated and emailed out to members.

OFFICERS: No action needed - Officers are elected every 2 years and can serve for a total of 6 consecutive years. Officers were elected in 2015 and will serve until 2017. Current officers are:

- Zell Derryberry – Chair (eligible for 2 more terms)
- Mike Nickel – Vice Chair (eligible for 2 more terms)
- Terry Cram – Secretary/Treasurer (eligible for 2 more terms)

FFY2017 STATE PLAN: Coordinator stated that we expect to receive the State Plan and/or application in the near future and it will be emailed to the Board and Service Agencies.

FUNDS AND PRIORITIES:

- Regular Funds: The state had not set the allocation for counties yet, but indicated boards should base it on the prior year which was \$155,612 for Sheridan County. (Update after meeting – State issued allocations chart which indicates \$135,978 available for Sheridan County).
- Discretionary Funds – competitive statewide
- Board's priorities and eligible projects – the Board discussed their priorities from the needs assessment last year and determined there were no needed changes...however there have been several suicides in Sheridan County recently, so mental health might be a more important consideration under the health category. Les mentioned he chairs the Mental Health Board and could get coordinator contact information. There was further discussion about the importance of mental health. It was decided to reach out to No. Wyoming Mental Health and provide them with application information. There was discussion about priority 4a – support community work groups with access protocol & referral system to help eliminate barriers experienced by persons seeking to access the support networks. It was shared that there is not an official case management system at this time, however agencies have increased their self-knowledge, attend Council of Social Agencies, churches are all aware of resources and agencies have their own lists and referral systems. It was mentioned that it might be a good time to talk to Amy Albrecht with the CVC again about an online referral system. It was also discussed that it might be more important to spend money on services for people rather than a referral system.

With no further business to discuss, Board Chair Zell Derryberry adjourned the meeting at 3:10 p.m.

Respectfully submitted,

Linda Gostas, Coordinator
